

Driver Names!!!!

Publicado por Didi Draxler - 08 Ago 2011 18:28

Hello guys!

Today there was a Driver on the server with the name

"insideyourmum"

In Spain that means

"dentro Su madre" or in this way!!

This is not style of Online-Racer i think.

Such a name is bad and annoying for everybody!

Please look at this guy and do further steps!!

I think names should be real, or "good" Nicknames,
but not ashame for the league!

there is nothing we can do about the nicknames that the people outside the forum chooses to race.

Since the servers are open till the race everyone form outside the forum can enter and test the mod without password

traducido:

didi se queja de que el corredor llamado insideyourmon estaba en el server corriendo y cree que da una mala imagen, dice que si es posible hacer algo al respecto.

yo le contesto que no se puede hacer nada porque el server esta abierto hasta el momento de la carrera para que la gente de fuera del foro pueda probar el mod, y que no se puede hacer nada con el nick que usa la gente de fuera del foro

Hi Folks!

Big Sorry!

We austrian changed our Driver Names into:

Name[AUT]

It was a wish of ua all to show, where we come from.

Now we are in hotlaps for two times!!!

If it is possible, maybe Bruneitor Candel can translate

my Thread into Spanish Language.

Thank you 🍷

ok, no problem about the translation

didí ha dicho que ellos (los austriacos) han añadido al final del nombre la coletilla [AUT] para que todo el mundo sepa su nacionalidad, a modo de broma comenta que ahora aparecen 2 vueltas tuyas en el servidor

I sent a message to avatares about this, because I don't know if this change meets the rules about the names on the league
